

N.S.W.R.D. Connection Permit No. \_\_\_\_\_

N.S.W.R.D. Extension Permit No. \_\_\_\_\_

G. SPECIAL CONDITION "G"

Prior to connecting the treatment works, sanitary sewer or wastewater source for which this permit is issued to any approved sanitary sewer tributary to the North Shore Water Reclamation District's interceptor sewers and/or sewage treatment works an Illinois Environmental Protection Agency permit must be obtained in compliance with the "State of Illinois Rules and Regulations, Title 35, Subtitle C, Chapter I, Part 309, Subpart B, Sections 309.202, 309.203 and 309.204.

A North Shore Water Reclamation District extension permit must also be obtained in order to qualify for the Special Condition "G", as well as comply with the N.S.W.R.D. Ordinance Section 4.03. Condition G is attached to the connection permit so that the sewer extension and the building for which this connection is applied for may be constructed concurrently.

No connection to the proposed sanitary sewer extension may be made until acceptance and/or approval of the said sanitary sewer extension by the North Shore Water Reclamation District.

I hereby agree to conform to the above requirements and understand that by proceeding with any site improvement prior to the approval of the said sanitary sewer extension is done at my own risk and liability.
